Dear *Hiring Manager*,

I am writing to express interest in the recent job opening posted by your esteemed organization. Please find my resume enclosed herewith for your reference regarding the position of **Junior Cloud Engineer**.

A review of my credentials indicates that I am pursuing my **Graduation in B.Tech with specialization in Computer Science & Engineering** from **Anand Engineering College, Agra**. Prior to this, I have completed my 8 weeks summer training in AWS Solutions Architect Associate from Croma Campus Training & Development (P) Ltd. Noida.

My academic study has helped me in nurturing rich domain knowledge and comprehensive understanding of Core Cloud Computing Services, cloud migration, cloud architecture. I have Also Worked on AWS services like **IAM,EC2,VPC,S3,Route-53,Autoscaling Elastic oad balancers, automate AWS services through linux & AWS Code Commit to work with Git repository**.

My strengths are good communication, listening and interpersonal skills, and quick adaptability to changing processes and trends. I am a quick learner who enjoys working in a team environment.

I am a good blend of academic and extracurricular excellence as substantiated my attached resume. I am positive that my skills will help me perform justifiably in the said position, and would prove to be beneficial to your organization. I would welcome an opportunity to speak with you on this matter.

Thank you for your consideration and I look forward to hearing from you soon.

Sincerely,

Rajat Gupta
